Skills

- HTML
- CSS
- Javascript
- Java
- C#
- Figma

Profile

Ever since I discovered programming, I have been dedicated to studying and developing projects to enhance my skills and become a full-stack developer. Currently, my focus is on creating beautiful and intuitive interfaces that make a difference in applications while studying back-end development. Some of my skills include HTML, CSS, Sass, Javascript, C#, and Angular.

Professional Experience

Notary Office Assistant, Cartório de Itaquera, São Paulo

FEVEREIRO 2023

- Administration

Técnico em Informática, Senac, São Paulo

ABRIL 2021 – SETEMBRO 2022

- HTML, CSS, Javascript e C#.
- Maintenance and assembly of computers
- Network

Extracurricular Activities

Web Site – Blood Donation Campaign, São Paulo

When I was studying at Senac, an opportunity arose to collaborate on a project with the nursing class. I invited two more colleagues, and we applied to assist them. They needed a website to promote a lecture about the importance of blood donation. Besides promoting the event, the website would provide information about the reasons for donating blood and locations where donations could be made.
